Subject: Label Amendment

EPA Reg. No. 73327-13
Green Light Roach, Ant & Spider Control
D#: 473143

Your submissions dated December 10, 2012 and March 27, 2013

Dear Ms Slack:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. Two (2) copies of the final printed labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Olga Odiott at (703)308-9369.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Suarez", is written over a circular stamp or seal.

Mark Suarez
Product Manager 13
Insecticide Branch
Registration Division (7505P)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Contact with product may result in transient tingling and reddening of the skin. Avoid contact with skin or clothing.

FIRST AID
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 877-478-3711 for general information and/or medical information.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is extremely toxic to fish and aquatic invertebrates. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Do not apply this product in or on electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[PRODUCT INFORMATION]

HOW IT WORKS

Please see specific uses under the target-use categories on label.

WHERE TO USE

Use indoors and outdoors on ornamental shrubs and flowers.

HOW TO USE / APPLY

- Hold container upright.
- Do not spray up into air.
- Apply to surfaces only as a spot and crack & crevice treatment.
- Hold approximately 12 inches from surface to be sprayed.

SPRAYER APPLICATOR LANGUAGE SECTION

Option 1 Trigger Sprayer / Applicator.

- Turn spray nozzle to "on" position.
- Squeeze trigger to spray until surface is slightly moist.

-----End of Option 1-----

--Option 2 [QUICK CONNECT/ NESTED TRIGGER SPRAYER] [APPLICATOR [APPLICATORY NAME] DIRECTIONS] --

QUICK CONNECT SPRAYER / TRIGGER SPRAYER / APPLICATOR [APPLICATOR NAME] DIRECTIONS]

[Illustration # 1]

- Remove sprayer. Pull cord ALL THE WAY OUT.

[Illustration # 2]

- Insert [color of plug] plug into spout (on cap) until it clicks.

[Illustration # 3]

- Flip up spout. Open nozzle at end of sprayer

-----End of Option 2-----

-----OPTION 3 [PULL 'N SPRAY] [APPLICATOR [APPLICATORY NAME] DIRECTIONS] -----

[Illustration # 1]

- Remove sprayer from side carrier [holder] [clip] and unwrap hose completely.
- Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks.
- Flip up spout. [Spout must remain up while spraying.]

[Illustration # 2]

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at bottom of sprayer handle until it stops to ready the sprayer.
- [Hold for two (2) seconds to allow product to fill the sprayer.]

[Illustration # 3]

- Twist nozzle at end of sprayer to adjust spray pattern.

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

[Illustration # 4]

- Press and hold button on sprayer to begin spraying.
- Pull ring at sprayer bottom again as needed to continue spraying.

[HOW TO APPLY/USE:] [icon]

[Follow illustrations and instructions above. Twist nozzle at end of sprayer to desired spray pattern. Point sprayer away from body and press sprayer button to begin spraying. Pull ring at sprayer bottom again as needed to continue spraying.]

-----**END OF OPTION 3**-----

-----**OPTION 4 [BATTERY POWERED WAND] [COMFORT WAND] [COMFORT SHOT WAND]
 [APPLICATOR [APPLICATOR NAME] DIRECTIONS]**-----

[APPLICATOR/ DEVICE/APPLICATOR NAME/ DIRECTIONS]

[1. Remove] Remove [applicator name] from side [carrier] [holder] [clip].

- [Unwrap hose completely.]
- [Remove protective strip from battery compartment to activate batteries.]

[2. Connect] Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks. Flip up spout. Spout must remain up while spraying.

[3. Extend] Flip open [applicator name] [until it locks into position.]

[4. Spray] Twist nozzle at end of [applicator name] to desired spray pattern. Ensure trigger lock is disengaged before spraying. Hold [color of trigger] trigger for continuous spray.

[HOW TO APPLY/USE:] [icon]

[Follow illustrations and instructions above. Twist nozzle at end of [applicator name] to desired spray pattern. Point [applicator name] away from body and hold [color of trigger] trigger for continuous spray. Release trigger to stop spray.]

[After Use: Twist nozzle to OFF position. [Engage trigger lock.] Flip the [applicator name] closed and store on the side [holder] [clip] [carrier].

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

To replace batteries: Open battery compartment at bottom of [applicator name]. Remove used batteries and replace with four new AA batteries in correct position as marked per diagram inside battery compartment. Securely close battery compartment door. Always use a complete set of the same type when replacing batteries. Never mix alkaline, carbon-zinc or rechargeable batteries.

-----**End of Option 4**-----

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

-----**OPTION 5 [Pump 'n Go] [EZ Sprayer] [APPLICATOR [APPLICATOR NAME] DIRECTIONS]**-----

CUT

1. Carefully cut the two [enter color] [white] zip ties securing the hose and pump handle with scissors. Use caution not to cut the [enter color] [white] hose.

CONNECT

2. Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place.

EXTEND WAND

3. Lift sprayer wand off bottle. Push [enter color] [yellow] button while pulling out on the wand nozzle tip. Fully extend wand until [enter color] [yellow] button snaps into SPRAY position. NOTE: [Enter color] [White] trigger will not function until wand is fully extended and [enter color] yellow button is visible in the spray position,

PUMP

4. [Make sure handle is screwed on TIGHTLY or the bottle will not pressurize.] Pump container 10-20 [X-X] times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise to lock into carrying position. NOTE: This bottle is designed to expand under pressure and cannot be over-pressurized.

SPRAY

5. Aim wand. Spray by pushing down [enter color] [white] trigger with thumb. Adjust spray pattern by rotating [enter color] [white] nozzle tip up to one-half rotation.

STORE

6. When finished spraying, push the [enter color] [yellow] button and push the wand until the [enter color] [yellow] button snaps back into the original storage position. Place wand back onto the bottle with nozzle facing down.

DEPRESSURIZE

7. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing.

-----**End of Option 5**-----

OPTION 6 [OTHER PUMP STYLE] [Quick Pump] [APPLICATOR (DEVICE) [APPLICATOR NAME] DIRECTIONS]----

1.TO USE

Remove wand from holster and pull the hose from the storage compartment. Turn the pump handle clockwise/counterclockwise to make sure the pump is tight [and push the pop-up pressure indicator completely down] before pumping.

2.TO PUMP

Turn the pump handle clockwise/counterclockwise to tighten, then slightly turn handle clockwise/counterclockwise to release handle for pumping. [Pump the sprayer] [until the pressure indicator pops up about an inch]. [That's your signal you are ready to spray.] Turn the pump handle clockwise/counterclockwise [one-quarter turn] to secure the handle for carrying.

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

3. TO SPRAY

Begin spraying by pushing the lever on the spray handle down. Rotate the nozzle at the tip of the wand to adjust spray from a stream to gentle mist. For continuous spraying, push the lever down and slide forward to lock. Pull back to release.

4. TO STORE

Slowly turn the pump handle clockwise/counterclockwise to untighten and release pressure [or turn pressure relief valve clockwise until it snaps; once pressure is released, continue to turn until closed.] Then turn back clockwise/counterclockwise to retighten the handle. Push the hose back into the storage compartment and put the wand back in holster.

-----End of Option 6-----

-----Optional Troubleshooting Section for [Battery Powered] [Comfort Wand] [Comfort Shot Wand] [Pump 'N Go] [EZ Sprayer] Applicator [Applicator Name] Directions] -----

Troubleshooting Tips:

Problem: Sprayer does not spray [function].

Possible Cause: Batteries not installed properly.

Solution: See instructions for correct battery placement.

Problem: Sprayer makes a straining noise [Sprayer runs but nothing [no product] comes out].

Possible Cause: Nozzle is turned Off.

Solution: Turn nozzle to [desired] spray setting [position].

Possible Cause: [Red] [color] plug at end of hose is not flipped up.

Solution: Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks and flip up spout.

Possible Cause: Sprayer is not primed.

Solution: Press and hold button on sprayer for about X (10 / 15 / 20 / 30) seconds to prime the sprayer.

Problem: Spray pattern is weak [or uneven] [product flow is uneven or dribbles out of nozzle].

Possible Cause: Weak batteries.

Solution: Install a fresh set of batteries.

Possible Cause: [Red] [color of plug] plug at end of hose is not flipped up.

Solution: Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks. [Attach coupler to the cap] and flip up spout. Possible Cause: Nozzle not fully open.

Solution: Turn nozzle to [desired] spray setting [position].

End of Optional Troubleshooting Section for [Battery Powered] [Comfort Wand] [Comfort Shot Wand] [Pump 'N Go] [EZ Sprayer] [Applicator [Applicator Name] Directions]

OPTIONAL [REUSE AND] REFILL DIRECTIONS

REFILL: This container may be refilled with Green Light Roach, Ant & Spider Control [the product]. To refill pour Green Light Roach, Ant & Spider Control [the product] into container.

REFILL DIRECTIONS

How to attach [applicator name] [wand] to [Green Light Roach, Ant & Spider Control] [Ready-To-Use] [the product] Refill/Recharge/Renew/Fill-Up/Reload] / [refill] [the product]:

Removing [Applicator Name] [Comfort Wand] from original bottle:

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

1. Remove the [wand] [applicator name] by pulling the red plug from the white spout on cap.

2. At the bottom of the side [clip] [carrier] [holder] press the middle tab up and slide the [clip] [carrier] [holder] upwards to remove it from the bottle.

Adding [wand] [applicator name] to [Green Light Roach, Ant & Spider Control] [Ready-To-Use] Refill/Recharge/Renew/Fill-Up/Reload/ [Refill bottle]:

3. Slide the side [clip] [carrier] [holder] downward on the knob located [at right-hand] [on the] side of the refill container.

4. Insert [insert color of] plug at end of hose into white spout on cap until it clicks. []

How to refill [Quick Pump] [Pump 'N Go] [Applicator Name] [using/with]:

[1.33 Gallon Ready-To-Use Refill]/ Green Light Roach, Ant & Spider Control [Ready-To-Use] [the product] Refill/Recharge/Renew/Fill-Up/Reload [the product]:

1. Remove the pump handle on the Quick Pump/Pump N Go/Applicator Name by twisting it counterclockwise.

2. Remove the cap from the Green Light Roach, Ant & Spider Control [Ready-To-Use] [the product] Refill/Recharge/Renew/Fill-Up/Reload / [refill container].

3. Pour the product carefully and directly into the container. Do Not fill above 2"/3"/4" from the top of the container. DO NOT add water.

4. Secure the pump handle back on the container by twisting it clockwise until tight.

GENERAL INFORMATION

Green Light Roach, Ant & Spider Control's /this/the product's long-lasting action keeps on killing for up to 120 days. Contact kill gives you immediate results when spraying insects directly, while residual activity kills insects when they return to treated areas.

Green Light Roach, Ant & Spider Control this/the product is intended to be used in and around residences and their immediate surroundings such as (but not limited to): ***apartments, atriums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, condominiums, decks, dens, driveways, garages, homes, kitchens, living rooms, patios, play rooms, porches, recreational vehicles, storage areas and utility rooms.*** Do not use in commercial food handling establishments, restaurants or other places where food is commercially prepared or processed.

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

INDOORS

Cockroaches (including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains), **ants, boxelder bugs, centipedes, crickets, dermestids/carpet beetles, firebrats, fleas, palmetto bugs, silverfish, sowbugs (pillbugs), ticks and waterbugs:**

Apply as a spot and crack and crevice treatment to areas where these pests crawl and hide, especially in hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks, and stoves, the underside of shelves, drawers, bookcases, and similar areas. Cover all food handling surfaces and cover or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed.

Ants: Spray ant trails and around doors and windows and other places where ants enter the house.

Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings.

Ticks and Fleas on Surfaces: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas and larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to the treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use.

Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces, and other areas over which these pests may crawl.

Centipedes, Ground Beetles, Pillbugs, Scorpions and Ticks: Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

Carpet Beetles/ dermestids (black, furniture and varied): Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found.

Webbing Clothes Moths: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing.

Bed bugs: Remove linens and wash before reuse. Lightly spray mattresses, especially tufts, folds and edges. Apply to the interior of the frame. Allow to dry before remaking bed.

FLYING INSECTS

House flies, gnats, mosquitoes, and small flying moths: Spray localized resting areas, such as under eaves, porches, inside surfaces of window and door frames, surfaces around light fixtures and cords, railings, etc. and anywhere these insects may rest. Insects coming to rest on treated surfaces will be killed.

HORSE STABLES

To control **stable flies, horn flies, house flies, face flies, horse flies, deer flies, mosquitoes and gnats:** Apply thoroughly to surfaces until wet. Insects coming to rest on treated surfaces will be killed or repelled. Do not spray animals or humans, or apply to animal feed or watering equipment.

PANTRY PESTS

Grain beetles (rusty, merchant and saw-toothed), flour beetles (red and confused), chocolate moths, cigarette beetles, clover mites, cluster flies, drugstore beetles, elmleaf beetles, rice weevils, lesser grain borers, spider beetles and tobacco moths: Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboard and cabinets. Allow to dry prior to replacement of shelf paper, food and utensils. Wash any exposed food handling surfaces and utensils before use.

OUTDOORS

Point sprayer away from face. Hold sprayer on a slight downward angle, approximately 12 inches from surface to be sprayed. Spray with wind if breeze is blowing. Do not contaminate fish ponds or apply directly to water.

PESTS ON OUTSIDE SURFACES OF BUILDINGS

For control of building infestation to ***ants, clover mites, crickets, and sowbugs (pillbugs)***: Spray foundation of building where insects are active and may find entrance up to a height of 2 to 3 feet. Apply to outside surfaces of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps.

CRAWLING INSECTS

Ants, cockroaches (including Asian cockroaches), centipedes, crickets, mole crickets, waterbugs and silverfish: Spray infested surfaces of patio or picnic area. Also spray legs of tables and chairs.

Ants: Spray freely around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray freely on and around debris.

Lone Star Ticks, Dog Ticks, Crickets and Fleas: Apply thoroughly to infestation in bushes, grass or weeds.

Wasps, Hornets, Yellow Jackets, and Bees: Spray nests and other surfaces where bees may rest. Aim spray at nest openings. Applications should be made late in the evening when insects are at rest.

FLYING INSECTS

House flies, gnats, mosquitoes, and small flying moths: Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed.

TERMITES, CARPENTER ANTS, AND CARPENTER BEES (for localized control only).

Apply Green Light Roach, Ant & Spider Control to voids or channels in damaged wood of a structure, or to cracks, crevices, and spaces in and between wooden portions of a structure or between wood and the foundation, in locations vulnerable to attack such as crawl spaces.

For termites, the purpose of such application is to kill workers or winged forms which may be present in the treated areas at the time of application. Not recommended as sole protection against termites. For active infestations, get a professional inspection. Such applications are not a substitute for mechanical alteration, soil treatment or foundation treatment but are merely a supplement. For severe termite infestation, contact a professional pest control operator in your area.

HOUSEPLANTS

To control ***aphids, Japanese beetles, lace bugs, leafminers, mealybugs, mites and spider mites*** on houseplants. Prior to spraying, remove plants from living and eating areas. Put in an area not likely to come in contact with children, pets or food. Plants can be returned to original location when leaves dry. If plants cannot be moved, cover or remove exposed food and food handling surfaces. Avoid spraying surrounding areas. Apply spray to upper and lower surfaces of foliage. Avoid wetting blossoms, if possible.

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

CONTROL OF ORNAMENTAL GARDEN INSECTS

For use on roses, dahlias, asters, African violets, azaleas, begonias, camellias, carnations, chrysanthemums, delphiniums, dogwood, English ivy, euonymus, fuchsia, geraniums, crassula, grape vine, Kentia palm, laurel, marigolds, rhododendrons, rubber plants, snapdragons, stocks, wandering Jews, zinnias and other ornamentals to kill **Japanese beetles** hit by spray, as well as **whiteflies, aphids, armyworms, lace bugs, mealybugs, exposed thrips, pavement ants, spiders, spider and red mites, clover mites and leafminers**. May be used on plants, as well as a multi-purpose spray in small ornamental gardens and for spot treatments to prevent insects from spreading into large garden areas. When spraying plants, do not operate closer than 18 inches. Use sweeping motion. Be cautious about wetting tender foliage, young plants and new growth. Do not spray plants when temperatures exceed 90°F. **DO NOT apply to vegetable plants or other plants used for food.** Spray insects directly whenever possible.

STORAGE AND DISPOSAL [icon]

Option 1 A for TRIGGER SPRAYER[APPLICATOR NAME]

PESTICIDE STORAGE: Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 1 B for TRIGGER SPRAYER [APPLICATOR NAME] [Refill/Recharge/Renew/Fill-up/Reload]

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE: Rotate trigger sprayer nozzle to closed position [or- turn sprayer nozzle to "OFF" [symbol]]. Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Trigger sprayer/Applicator name] can be reused with [product name][Refill/recharge/renew/fill-up/reload] Follow instructions in the REFILL section when using [applicator name]. Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 2 for QUICK CONNECT / NESTED TRIGGER SPRAYER [APPLICATOR NAME] [Refill/Recharge/Renew/Fill-up/Reload]

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE [Illustration] Flip down [color of] spout to close. NO NEED TO DISCONNECT TRIGGER SPRAYER. Close nozzle on trigger sprayer. [Turn sprayer nozzle to "OFF" [symbol]. Place sprayer back in side clip [carrier] [holder]. [Snap sprayer back in place.] Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Quick Connect/Nested Trigger sprayer/Applicator name] can be reused with [product name][Refill/recharge/renew/fill-up/reload] Follow instructions in the REFILL section when using [applicator name]. Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call 073327-00013.20130325.AMEND

Bold, italicized text is information for the reader and is not part of the label.

EPA File Symbol 73327-13

your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 3 for PULL 'N SPRAY [APPLICATOR NAME]

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE: Completely discharge/dispense product in sprayer prior to storage. Twist sprayer nozzle to the OFF position. Flip down [color of spout] spout on cap. NO NEED TO [DO NOT] DISCONNECT SPRAYER HOSE FROM CAP. Place sprayer back in side carrier [clip] [holder] [on bottle with the nozzle facing down]. Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: *[Pull 'n Spray / Applicator name] can be reused with [product name] Follow instructions in the REFILL section when using [applicator name].* Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Option 4 for [BATTERY POWERED WAND] [COMFORT WAND] [COMFORT SHOT WAND]
 [Refill/Recharge/Renew/Fill-Up/Reload] [APPLICATOR NAME]**

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE: Flip down [color of spout] spout on cap. NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP. Completely discharge/dispense product in sprayer prior to storage. Twist sprayer nozzle to the OFF position. [Engage trigger lock.] Flip the [applicator name] wand closed and place [sprayer back] in side carrier [clip] [holder]. Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: *[Comfort Wand/Applicator Name can be reused with [product name] Green Light Roach, Ant & Spider Control [Ready to Use] Refill/Recharge/Renew/Fill-Up/Reload.* Follow instructions in REFILL section when reusing wand.] **If empty:** Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 5 for PUMP 'n GO [EZ SPRAYER] [APPLICATOR NAME]

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE: When finished spraying, push the [enter color] [yellow] button and push the wand until the [enter color] [yellow] button snaps back into the original storage position. Place wand back onto the bottle with nozzle facing down. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing. Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: *[Applicator name] can be reused with [product name]. Refill/Recharge/Renew/Fill-Up/Reload.* Follow instructions in REFILL section when reusing [applicator name]. Do not reuse or refill this container unless the directions for use allow refill according to the directions contained on the REFILL Section. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text.] Text separated by / denotes and/or options.

EPA File Symbol 73327-13

Option 6 [OTHER PUMP STYLE][Quick Pump][Refillable Container]

STORAGE AND DISPOSAL [Illustration] [Icon]

PESTICIDE STORAGE: Slowly turn the pump handle clockwise/counterclockwise to untighten and release pressure [or turn pressure relief valve clockwise until it snaps; once pressure is released, continue to turn until closed.] Then turn back clockwise/counterclockwise to retighten the handle. Push the hose back into the storage compartment and put the wand back in holster. Store in original container. Store in a locked storage area out of reach of children and pets. Protect from freezing (store above 32°F). If freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect the product.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not reuse or refill this container unless the directions for use allow refill according to the directions contained on the REFILL Section. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
